

# Technical Datasheet

Product Code: **A3091E**

Product Description: **Dual Thermostatic Shower Valve**

## Specification

|                            |                   |
|----------------------------|-------------------|
| Product Guarantee:         | 5 Years           |
| Barcode:                   | 5055146181538     |
| Material:                  | Brass             |
| Handle Type:               | Crosshead & Lever |
| Min Operating Pressure:    | 0.1 Bar           |
| Flow Rate 0.1 Bar (L/min): | 5.5               |
| Flow Rate 0.5 Bar (L/min): | 14.5              |
| Flow Rate 1 Bar (L/min):   | 22                |
| Flow Rate 2 Bar (L/min):   | 30                |
| Flow Rate 3 Bar (L/min):   | 35                |
| Colour:                    | Chrome            |

## Key Features

- Bring a Victorian sensibility to your bathroom with this traditional shower
- Accurate flow control
- Thermostatic control to +/- 2 to 3 °C even if the water pressure fluctuates
- In the event of hot or cold water failure, the valve will shut down the water supply providing full
- The unique cartridge is highly resistant to calcium build up - even in hard water areas
- Our valves are suitable for use with all systems: gravity fed pumped unvented high pressure or fully
- Excellent flow rates - even at low pressure
- The cartridge is fully reversible meaning if hot and cold supplies are the wrong way round it doesn't
- Simply remove the cartridge turn 180° and replace
- Manufactured from solid brass

Dimensions: All measurements are in millimetres and are subject to normal manufacturing variations.

Due to a continuing development programme to improve design and performance, we reserve all rights to vary specifications without prior notice. Please note, all accessories are for photographic purposes only.
